Entertainment

3D

3D is an impressive three-piece group of musicians specializing in several genres of music. Their repertoire is rather eclectic which gives them the ability to tailor sets to the venue, although they are most often requested to go with variety. From Celtic music to Jazz to Ragtime and even alternate takes on modern favorites, 3D is a real treat for listeners.

A Part of Pluto

Luke Rae, Lead Singer and Guitarist for local band A Part of Pluto, describes the group's sound as "just Rock and Roll, man." This power trio has been rocking in and around the Valley the last few years. Catch them at a local watering hole, if you're OK with getting your face melted off by some serious "RnR."

Brian Murphy

Local Jazz legend Brian Murphy will open up the indoor stage at this year's Arts4All. Murphy has served the community not only as a performer, but also a teacher to some of the finest musicians the region has ever produced. Whether he's playing bass in a local cover band, leading a Jazz quintet on his very unique Vibraphone or simply tickling the ivories, Murphy is a true master craftsman and Berklee-educated musical genius. Brian will be providing a selection of music for piano and trumpet.

CC Ryder

Ryder's musical career has blossomed to a calendar full of events that extends through next year. CC and her musical family, whom she lovingly calls her "M-fam," have taken the region by storm, playing out live every weekend. She has grown into a solo musical force that any venue would be lucky to host. Ryder will be playing a mix of her own alternative folk music as well as some truly original takes on some of her favorite songs.

Diana & the Crew

This band of musical mariners are known to cover a variety of Pop and Classic Rock. They play an assortment of bars and clubs to campgrounds and other outdoor venues! They are based in the Twin Tiers of Upstate NY and across the border into PA.

Don Baragiano

Don Baragiano performs a multi-cultural blend of enticing, upbeat World Music. He combines ancient Middle Eastern scales & rhythms with American rock, jazz and classical music. Don studied music theory in high school and attended the University of Cincinnati's College Conservatory of Music.

Dusty Boxx & Friends

Following up Dusty's smash drag performance at 2018 Arts4All, the talented performer will be bringing along some stellar entertainers to present "An Afternoon of Oz." The show will be for all ages and will encourage "love, diversity, and acceptance." Dusty assumes the role of "Dorothy" to bring the troop's message of togetherness to this year's Arts4All.

Friends with Benny's

Friends with Benny's is an original/cover band from Waverly, NY. The band plays anything from Reggae to Folk to Rock to Jam to Funk and everything in between.

The band began as a collaboration between friends of three previously, (and currently), successful local bands.

Entertainment

Junction Run

Junction Run cranks out fun high energy country and rock songs with crossover appeal that pleases all audiences, regardless of age or musical tastes. This band from Sayre, PA is made up of 5 dynamic musicians with several different influences that come together covering artists such as John Mellencamp, Chris Stapleton, Pink, Emmy Lou Harris, & Merle Haggard. Don't be surprised if they throw in a few originals tunes, such as the award winning "A Trail Called Memories".

Molina

Molina, an Alternative/ Rock band from Binghamton NY, formed in 2014 they have just released their debut EP album titled "Swing Devotion". This album was written with a heavy influence from NY native bands "Interpol" and "The National" with enthralling guitar riffs, and ever driving bass lines, topped off with a distinct vocal range.

Nova Strange

Something new. Something different. Nova Strange is certainly unique. The electronic duo, featuring bassist Johnny Strange and keyboardist Nessa Nova, will be offering up their own brand of intergalactic dance music mixed with jazz-inspired piano-driven compositions fit to drive listeners to expand their own musical horizons.

Payton Clark

Payton is a young, up and coming star on the rise. Clark's been a fan of music her whole life, all 15 years of it! This solo singer/guitarist will be playing hits from Country to Classic Rock, from Sinatra to Janis Joplin, and everything in between. This is one act you certainly won't want to miss.

Rebecca and the Soul Shakers

Featuring the powerhouse vocals of Rebecca Smith, Rebecca and the Soul Shakers serve up a tasty mix of rootsy, soul drenched tunes. The band's original material combines their love of all music, particularly rock inflected roots and southern soul music. Rebecca is joined by guitarist/husband Jim Smith, Bassist RC Nobles and the legendary Dave Salce (Blue Cheer, Digger Jones) on drums. As a live band, the Soul Shakers love to take the songs for a ride, stretching and experimenting. Each show is a different experience, each musician pushing and pulling the songs into new territory.

Voodoo Highway

Binghamton's own Voodoo Highway returns to the valley to entertain crowds just like they do nearly each and every weekend. The Blues band fronted by husband and wife Bob Rynone (Lead Guitar) and Dana Stewart (Lead Vocals/Rhythm Guitar) are guaranteed to get your toes tapping at this year's Arts4All.

Zach & Gary

Zach Anderson and Gary Raupers are two local students with their own take on various hits from over the years. The pair set up shop at last year's Arts4All, and they took the crowd by storm. This year, their talents will be on display at the indoor stage.
